Warren then went over the service changes that were going to be taking place during BBQ. Prices will be up by \$20.00. This price increase is to help pay for the extra 10 techs that are being brought in to help during this time. Service is also implementing a new service process of the Red, Green light to help expedite service time for the customer.

Kyle drew for the Road gift and Randy Jackson was our winner. After the drawing Kyle announced that they were still looking for paid positions to fill during BBQ. There are a few open in the motorclothes, finance area and a few other openings. The biggest announcement of the meeting was that the BBQ Chairperson who had never been to Arkansas, came down to Pig Trail. Paul took him on an overall tour of Eureka Springs and NW Arkansas and he was so impressed that he asked Paul what the possibility of MAYBE holding a Regional Hog Rally here in NWA next year. YEAH!!!! Paul and Kyle sat down and discussed exactly what it would take to pull that off, further discussions will take place but bottom line...we know we can pull it off!!! With that being said, and all the undertaking along with the timing of the officer rotation, there were changes made within the Officers: Dave Patterson assumed Director, Garry Raymond assumed Asst. Director, Darlene Cole assumed Secretary. A huge thank you to Trey for all the work he has put forth in the last year and was presented with a gift by Kyle. Trey was excited to see the new changes and thanked everyone for the support and Kyle.
